

Reports

The **Member Portal Reports** module provides complex reporting capabilities in GeoCall

To get to reports, click on the **Reports** button on the top menu in the **Member Portal**

Reports

The left menu area lists available reports that can be executed.

Report results can be displayed as a grid or in pie, line, or bar charts.

To view a report, click on the report item in the left column. Fill in the required parameters and click "**Search**".

The report is then displayed in the reports area to the right.
